FUTURE-PROOF YOUR BUSINESS

CREATION OF DOCUMENTATION (E.G. CONTRACT) FOR A NEW DEAL THAT MEETS A SPECIFIED CRITERIA ON HUBSPOT CRM.

Sets a list of deals that meet a specific criteria, this scenario filters deals that are in the Negotiation/Proposal Schedulers' stage. Multiple documentations are created from templates that already exist in Google Drive and they are modified based on the HubSpot form record of the deal selected. These documents are then converted to PDF and mailed by Gmail as attachments. The permanence of the deal are then updated, to the deal does not appear in the list of deals for which the documentation should be created.

GENERATE AND EMAIL FACEBOOK ADS CAMPAIGN REPORTS

Get a comprehensive daily email report of your Facebook Ads Campaign performance and budget directly in your inbox. This template automatically pulls the previous day's data and sends it every morning at 8 AM, ensuring you're always up-to-date with your campaign efficiency. Adjust the delivery schedule easily with a click on the clock icon to suit your preference.

SYNC FACEBOOK ADS DATA TO GOOGLE SHEETS

Simplify your marketing analysis with this automation ad performance tracker. This tool automatically pulls data from Facebook Ads daily to Google Sheets daily. Gain a consolidated view of your campaigns' performance and budget allocations across platforms, ensuring an SOS VIP ad budget boost. Customizable reporting options are available to fit your reporting routine—adjust the time settings in the first module with a click.
