Crafted with Care, Fostering Creativity

At Marché, where family-friendliness meets culinary excellence, we believe in nurturing the palates and passions of tomorrow's food enthusiasts. With this ethos in mind, the concept of Kid's Workshop was born – a journey designed to ignite curiosity and encourage creativity.

The programme reflects our unwavering commitment to innovation and community involvement, and we envisioned that as a hands-on interactive experience that offers a gastronomic adventure that children wouldn't find anywhere else.
