

DOT Annual Inspector Workshop

**Monday, December 16 (OR)
Friday, April 25**

Cost: \$141

Gain hands-on training in the knowledge and understanding of what is required to be a DOT Annual Inspector. This course teaches the proper methodology to complete inspections for a motor carrier's own equipment.

The training covers all facets of commercial motor vehicle inspection and maintenance as stipulated in the Federal Motor Carrier Safety Regulations (FMCSR) CFR 43-393/396. To become a inspector, individuals also must have a combination of applicable training and/or experience totaling at least one year.

Please note: This is not a certification course and does not certify you as an inspector.

Choose one of the following dates:

Monday, December 16, 2024 • 8 a.m. - 4:30 p.m.

Must register by Monday, December 2, 2024

Friday, April 25, 2025 • 8 a.m. - 4:30 p.m.

Must register by Friday, April 11, 2025

Gateway Technical College

Horizon Center for Transportation Technology

4940 88th Avenue

Kenosha, WI 53144
