Deep Water Fit: The resistance from water while performing a variety of exercises is great for the total body. Flotation devices are available if assistance is needed.

Aqua Fit: A shallow water workout using water and equipment for resistance, toning muscles, and increasing endurance and flexibility.

SilverSneakers SilverSplash: Designed for our Active Older Adults, this class helps increase range of motion, strength, and stamina.

Young at Heart: This class is designed for individuals that want a class with lower impact. Range of motion and flexibility are emphasized.
