MICE Experience

# Welcome QUARK

Quark Conference Center rises in the economic heart of Milan just **4 km from the Dome of Milan** and a short distance from the **Bocconi University** and the lively Navigli area. The **largest conference center in Milan** inside a hotel, it extends on a total surface of **6,200 sqm** on 3 floors of Quark Hotel Milano, representing a unique location for great events and conferences of all sizes. Great attention goes to **dining and banqueting** experience. Signed by the starred chef **Andrea Ribaldone**, our food philosophy is based on the concepts of “km buono”, mainly vegetal and fresh raw materials with strong a regional accent.

## PHILOSOPHY

Complexity makes our work extremely stimulating. We are used to plan and develop **large-scale events** with an international flair together with our customers and partners. In this process, **new technologies** help us develop **innovative solutions**. Our spaces are unique in the whole Milano area, their dimensions and flexibility is enhanced by our passion and knowledge, in compliance with what we considered a real promise: **fully satisfying every expectation** and organizational need.

## EVENTS

Organizing an event means making an idea, a dream, a concept become reality. Thanks to **cutting-edge technologies, decades of experience, modular spaces**, we differentiate from other players and we can respond to every request of event organizers, both national and international.

**Tout-court services combine with top-level performances** and attention to every detail. Strengthened by technical skills and consolidated professionalism, we follow the process with reliability, listening, timeliness, flexibility and speed of delivery from start to finish.

# FOOD & DRINKS

Driven by the **creative touch** of the **starred chef Andrea Ribaldone and Moreno Ungaretti**, Quark's culinary proposal starts from the **local tradition**, enhancing the **freshness** of the ingredients and **regional diversity**.

The **simple approach** to the methods of preparation is also applied to some iconic dishes of our country.

The **open kitchen** with real **show cooking** involves participants and guests into the preparation of healthy, fresh and mainly vegetable proposals, able to surprise even gourmet lovers.

Pizzas, "schiazzate" and even croissants for breakfast are home-made and baked daily in our oven.

The various restaurant outlets, with the **Ristorante Morbido**, the **Veranda**, the large **Foyer**, the **lobby bar** and **Grab&Go** corner, guarantee a dynamic and appealing food experience, where you can enjoy the best proposals in à la carte menus as well as in the banqueting offer.

# ROOMS & SUITES

Among **the largest in Milan, the 283 suites and rooms** of Quark are beautiful spaces to look at and live in.

Entirely renovated by the **Italian architecture studio Caberlon-Caroppi**, are equipped with functional and avant-garde, a contemporary but warm style with a palette inspired by the colors of the earth.

The interiors are minimalist yet refined—a harmonious, inviting balance where every detail is meticulously considered. Many of the accommodations feature a **separate living area** and bedroom, thoughtfully designed with high standards of **sustainability and seamless connectivity** in mind.

The **Studios on the 5th floor** open to a hybrid concept of hospitality, made of color and contemporary, avant-garde design and fluid boundaries to encourage networking and connections.

A place ideal for studying, staying, working, having fun with common areas, living rooms and meeting rooms, co-working spaces.

# TAKE A BREAK!

Surprise your guests with a **unique culinary experience** inspired by the rich local tradition. Selected raw materials and **spectacular presentations** make our coffee breaks irresistible. The recipes we offer are delicious and nutritious, carefully prepared by our chefs under the expert guidance of **Moreno Ungaretti**. We select only the freshest and most authentic ingredients. We are able to **adapt to every need** and personalize the dishes with **your company brand**. Take advantage of our **delicious break options** that give the right pace and energy to your event.

# LEADING WITH PURPOSE

## Quark Hotel Milano invests in People, Planet, and the Future

We believe hospitality should go beyond comfort and convenience—it should embody a meaningful **commitment to the planet and the communities we serve**. With the achievement of the **DCA ESG Certification**, Quark Hotel Milano takes a decisive step forward, **placing the wellbeing of people and the environment at the very heart of its mission**.

The certification confirms the hotel's compliance across five key areas: human rights, labor relations and working conditions; health and safety; customer and consumer responsibility; community engagement and development; and data protection and cybersecurity.

This isn't just a formal recognition—it's a launchpad and a motivation to continue **driving tangible change**.

Initiatives already in place include an **electric mobility system**, a partnership with **Ethic Ocean** to protect marine ecosystems, the use of **WAMI water**, **recycled paper**, and a steady **reduction in single-use plastics**.

We're laying the foundation for a **more responsible hospitality experience**—one rooted in forward-thinking values, where the art of welcoming meets a bold commitment to a **more sustainable future**.

# LOCATION

The hotel is located in a strategic, easily reachable position, **20 minutes from the Duomo di Milano, 15 minutes from Linate Airport** and in the vicinity of the two high-speed train stations:

**Central Station at 20 minutes and Rogoredo at 15 minutes.**

Nearby there are the **Bocconi University**, the **Navigli di Porta Ticinese**, the **IEO**, the **IULM**, the **NABA**, the **Fondazione Prada**, the **Armani Silos** and many exclusive restaurants and clubs.

The privileged location makes Quark a new, competitive and accessible solution for business travelers.

# Vigentino Distric

## Milan Looks to the *Future*

Milan is gearing up to write a **new chapter in the city urban history** with the redevelopment projects of the **Vigentino** area, where the hotel is located, **Porta Romana**, and the nearby **Olympic Village**. These neighborhoods, rich in history and potential, are destined to become the future of the city thanks to an **ambitious vision of urban development**. With a focus on **sustainability, innovation, and community engagement**, the projects aim to redesign urban spaces to make them more livable, accessible, and active. This will include the creation of **new parks and green spaces**, the redevelopment of existing buildings, and the construction of **modern and sustainable infrastructure**. Through close collaboration between public authorities, private entities, and residents, the goal is to create an inclusive and **dynamic urban environment** that reflects the identity and needs of the Milanese community. With careful planning and a long-term vision, the **Vigentino area is poised to become a model of excellence** for urban redevelopment, inspiring cities worldwide.
