

# 2021 FICKER CUP

Long Beach Yacht Club  
September 10-12, 2021

Dear LBYC Ficker & Congressional Cup Volunteers,

Thank you for volunteering your time and efforts to ensure our LBYC signature world class regattas run smoothly. Ficker Cup and Congressional Cup invitations are highly sought by skippers around the world, all due to your high level of preparation and execution of every detail.

We wanted you to know that in order to ensure health and safety of all volunteers, members and regatta participants, we are requiring all Skippers and Crew to provide Proof of Vaccination or Negative PCR tests. Our Medical Officer Karen Blair will monitor and if necessary, provide PCR testing at LBYC for Skippers and Crew as frequently as guidelines require.

Additionally, we encourage all volunteers to take precautions to ensure the safety of each other, and all participants as outlined by the Long Beach Department of Health guidelines. <https://www.longbeach.gov/health/diseases-and-condition/information-on/coronavirus/covid-19-orders/>

Our Best,  
Congressional Cup Executive Team  
LBYC Re-opening Task Force
