## Michael Hudson's Books and Lecture Series

The flyer on the left is for a lecture series titled "GLOBAL FINANCIAL EMPIRE: THE POLITICAL ECONOMY OF GLOBALIZATION". It lists the date as "Every Thursday starting Oct 8, 2020", the time as "09:00-11:00 EST, 12:00-13:00 GMT, 21:00-23:00 Hong Kong", and the speaker as "Professor Michael Hudson". It includes a list of 11 lectures and mentions the "GLOBAL U SOUTH SOUTH DIALOGUE MASTER SERIES" and "SSDS". The video frame on the right shows Michael Hudson speaking, with subtitles that read: "more dollars to buy the industrial products that it no longer produces".

In Oct-Dec 2020, a 10-lecture series by Michael Hudson on “The destiny of civilization: financial capitalism, industrial capitalism, or socialism?” was video-recorded, and then subtitled in English and Chinese. The 70-episode series with Chinese subtitles, moderated by Wen Tiejun, was screened on two Chinese platforms in April-August 2021. The first episode attracted over 170,000 viewers. The lectures with English subtitles are being posted on [www.michael-hudson.com](http://www.michael-hudson.com). Michael Hudson's book based on the lectures is completed and the English edition will come out in two months. This August is the 40<sup>th</sup> anniversary of the USD going off gold. Michael Hudson has produced the third edition of *Super Imperialism: The Economic Strategy of American Empire*. Please see his website for details. The Chinese translations of both *Super Imperialism (Third Edition)* and *The Destiny of Civilization* will come out in spring 2022.

Working closely with CCRD-CS, Global U is publishing a series with Palgrave Macmillan. The first volume of the series is Wen Tiejun's *Ten Crises: The Political Economy of China's Development (1949-2020)*, available for free downloads at Global U and Palgrave Macmillan websites: <https://our-global-u.org/oguorg/en/ssfs8-readings/> and <https://www.palgrave.com/gp/book/9789811604546>. ### Papaya

Five papaya trees are grown in the site next to Ho Sin Hang Building. In spring, an iron nail was hammed into the lower part of the trunk of the papaya trees which up till then only grew leaves but did not yield fruits. This summer, the papaya trees are bearing fruits. How wonderful nature is!

There are many health benefits of Papaya, such as reduced risk of heart disease, diabetes, cancer, aid in digestion, improvement of blood glucose control in people with diabetes, lowering of blood pressure, and improving of wound healing. In addition, papaya contains high levels of carotene, a natural antioxidant effective in removing free radicals from the body that damage normal cells and accelerate ageing. However, taking too much papaya may cause adverse effects, so an appropriate quantity is recommended. There is also advice that pregnant women should not take papaya, as unripe papaya has a high concentration of latex which may cause contraction of the uterus.

### 木瓜

何善衡樓側的耕種地，今夏五棵木瓜中有兩棵結果，果實纍纍。春天的時候，在只長葉不長瓜的木瓜樹幹底部，打了一口鐵釘，今夏就長出果實了。神奇的大自然！

食用木瓜對於健康益處頗多，例如減少患心臟病、糖尿病、癌症的風險，幫助消化，改善糖尿病患者的血糖控制，降低血壓，以及改善傷口癒合。木瓜肉含有大量的胡蘿蔔素，是天然的抗氧化劑，能夠有效清除人體內破壞身體正常細胞、加速衰老的自由基。但是對於有些人而言，木瓜吃多了可能會對身體產生不良反應，所以要適可而止。專家建議孕婦不要吃木瓜，因未成熟的木瓜果實有高濃度的乳膠，可引起子宮收縮。
