

# YOUR GUIDE TO **RESPITE CARE**

## The Basics

The purpose of this guide is to provide you with key information about Residential Respite in Canberra.

The two main reasons to consider respite care are:

- To give a carer a well-earned break
- To recover from an injury or illness for a short period of time (rather than stay in hospital or at home without 24/7 support)

Respite approved residents can access up to 63 days of residential respite care each financial year. There is also a 21-day respite extension that can be granted under special circumstances such as a resident not being able to return home.

## The Cost

The Australian Government subsidises residential respite in all aged care homes Australia wide.

Respite residents are required to pay a respite daily care fee of \$60.86/day. This fee covers nursing care, activities, meals, laundry, and other basic living expenses such as power.

A daily extra or additional service fee is also payable when respite residents are admitted to 'additional service' rooms.

Jindalee's admission managers is happy to provide further information about what the respite daily care fee includes.

## The Respite Approval Process

To organise a free assessment with your local Aged Care Assessment Team (ACAT), please contact **My Aged Care on 1800 200 422 to receive your referral code.**

Once you or your loved one has received ACAT approval for residential respite, you can contact aged care homes directly to arrange respite bookings.
