

**2019-2020
MIDDLE SCHOOL FLEX MENU**

Carrollwood Day School Middle School is proud to offer a rich selection of before school and after school programs to keep our students fully engaged. From Model UN, Math Counts, and Yearbook to Future Business Leaders of America, Open Gym, and Study Skills, there is surely something for everyone. Below you will find a listing of morning and afternoon academic help and enrichment sessions, along with a host of new clubs and organizations to pique your child’s interest. These opportunities are all free of charge unless otherwise noted or unless they win a competition that requires further registration fees and travel. Middle school is a wonderful time for exploration and discovery, so please encourage your student to try something new.

In order to best care for our students, we would appreciate you emailing the teacher prior to your student’s participation. One email will suffice to indicate participation on a regular basis. If your child will be participating in a “drop-in” basis, please let the teacher know when to expect him/her. **Click on the teacher’s name for a direct link to email.** Sign-in and sign-out sheets will be used to track attendance. Children who are not picked up promptly by 3:30 pm after an activity, will be directed to the middle school study hall located in the lounge until you arrive.

Each quarter these options may change slightly due to various schedule and duty changes, along with interest levels. Any changes will be announced on Schoology and in Thursday Folder

** In addition to the programs listed below, students can be involved in Student Council committees. Qualified 8th graders can apply for membership in the Patriot Society and a number of honor societies.
