

	Recommendations	Helpful Information
Internet Speed	<p>Minimum - 100Mbps download speed,</p> <p>15-20Mbps upload speed</p>	<p>Standard speeds from most internet providers are 20Mbps download and 5Mbps upload speed. The upload speed is important, and why we recommend 100Mbps for download with proportionate upload speed.</p> <p>If you are not sure of your current speed contact your internet provider.</p>
Router	<p>There are three recommended options:</p> <ul style="list-style-type: none"> • 802.11AC, price range \$60-80 • Mesh Router, prices vary • WiFi 6, price range \$100+ 	<p>Keep in mind that routers rented from your internet provider are often weak.</p> <p>The closer you are seated to the router, the better your signal.</p> <p>Connecting your computer directly to the router will always provide the best connection.</p>
Zoom Tips	<p>Close any unused tabs during Zoom meetings.</p> <p>Reduce streaming devices (television, Netflix, Hulu, YouTube) at home during Zoom meetings.</p>	<p>Zoom uses a significant amount of bandwidth in your home. Reducing other activities that also use bandwidth will increase the ability for Zoom to run smoothly.</p>
