

uAchieve Learning Center - Math Enrichment

Individualized tutoring in math with special emphasis on preparation for pre-algebra/algebra-fractions, decimals, percentages, ratios, word problems, and algebraic foundational concepts. The first lessons will be used to determine which branches of math each student is familiar with and identify key skills that must be developed. From there, the remaining classes will follow an individualized lesson plan that builds upon the concepts each student already knows before introducing new and increasingly challenging concepts to prepare him or her for the future. Class ratio will be 1/10.

Blackout Dates: July 3, 2021 (Independence Day observed)

Space is limited. 30 spots available.

Grades available: 5th - 9th grade.

10:00 a.m.-5:00 p.m. Walk-in, recommended stay for 2 hours
