

FOOD BOXES FOR FAMILIES

Housing, child care, & food costs are essential items in your household budget and the prices continue to go up.

Funding through United Way of the Greater Chippewa Valley is making it possible to offer free, monthly food boxes for families in need at your child care program. Western Dairyland's Child Care Partnership program and Feed My People Food Bank are collaborating to provide this new resource.

Each box will include nutritious, shelf-stable foods for snacks & dinners.

Boxes will be delivered to your program on the 3rd Wednesday of each month.

Families will remain enrolled in the program until no longer enrolled at the child care program or choose to no longer receive food boxes.
