YOUTH IN GOVERNMENT

Leaders are developed by doing, and the Wisconsin YMCA Youth in Government program seeks to foster the next generation of thoughtful, committed, and active citizens. This program is open to all students in grades 7-12 and engages hundreds of students from across the state each year. Individual delegations meet starting in the fall and the program culminates with a weekend-long trip to the state capitol in Madison for our Model Government session. At this time, it is unclear whether our state conference will be offered virtually or in-person, but either way, we WILL have a conference and are dedicated to providing excellent opportunities for growth and leadership throughout the program year.

BARRACUDAS SWIM TEAM & CLINICS

[Click here to visit our team website.](#)

The YMCA of the Chippewa Valley Barracudas Swim Team welcomes swimmers of all ages and ability levels! Our focus is to coach each individual at his or her level with the goal of improving swimming skills, both competitive and lifelong. Within each of our age groups there are beginning swimmers, intermediate swimmers, and more experienced swimmers.

The Barracudas have no specific attendance requirements for meets or practices. We recognize that the athletes have different objectives for participation, and we wish for all swimmers to feel comfortable in their experiences. For this reason, swimmers may elect to compete in meets or not. In regard to practice, however, athletes and parents alike should understand that more attendance, participation, and effort equate to greater progress and success in the pool.

Our coaches attend coaching clinics each year in order to be up-to-date on current coaching practices. We study instruction in swimming technique and aerobic endurance, motivation, race tactics, and athlete safety. Novice swimmers will focus on learning starts, breakouts, technique, turns, and finishes for all four competitive strokes. Veteran swimmers will continue to hone these skill sets. One of our goals, as always, is to create strong swimmers in the individual medley events, so all swimmers will continue to improve all strokes!

A focus on stroke technique combined with moderate training sets will increase the swimmer's capacity for work, and our hope is that the swimmers will be able to achieve the goals they have set for themselves. Swimming on our team encourages growth, healthy body, healthy mind, and healthy friendships! We hope you will join us!

TEAM OPTIONS

BABY BARRACUDAS | AGES 4-8

Emphasis is on instruction and developmental drills teaching the four competitive strokes. A great way to prepare your young swimmer for YMCA of the Chippewa Valley Swim Team while developing new skills & friendships! Baby Barracudas is primarily taught in the YMCA small wading pool. When the swimmers are ready to swim in the YMCA Pool they will spend some of the lesson time in that pool! Limited to 20 swimmers!

JUNIOR | AGES 10 AND UNDER

Swimmers should be able to complete at least one length of freestyle and backstroke. The Junior group will be taught stroke technique for all of the four strokes. Competitive starts and turns will also be taught and practiced. There will be no practice requirement, however the more practices a swimmer attends, the faster they will progress! A great way for your young swimmer to develop skills and confidence while creating new friendships.

JUNIOR ELITE | AGES 9-11

For entry into this group, swimmers should be able to complete at least 50 yards of each of the four strokes. The Junior Elite group is focused on improving stroke technique and endurance. Will be working with qualified coaches focused on giving individual feedback on each stroke. This group will start to understand and learn how to compete and race strategies, as well as get an introduction to competitive training.

SENIOR | MIDDLE SCHOOL AGE

Swimmers in this group will still focus on technique as well as get a sample of what training will be once moved up to the Senior Elite group. Swimmers should be committed to swimming at least 4 times per week.

SENIOR ELITE | HIGH SCHOOL AGE

Swimmers in this group are generally high school athletes, ages 14 and up. Training groups will be decided based on previous development and training experience. Swimmers are committed to swimming at a high level, expected to be at practice every day, and focused on swimming at their best at bigger meets at the end of each competitive season. Swimmers will experience an increased training volume and intensity, and be expected to train at least at a 1:30 per 100 base or faster.

BARRACUDAS LAP/TRI LEAGUE | AGES 18+

Our Lap/Tri League offers coaching and self-guided workouts per lane for different abilities. A coach will facilitate practice, help with time sets, instruct on technique, and offer one-on-one coaching for specific drills to promote swimming efficiency and injury prevention.

GIVING BACK TO OUR COMMUNITY

Financial assistance keeps the Y accessible for kids and families who need us most. We count on the generosity of our members and of the community to help people of all ages and from all walks of life be more healthy, confident, connected, and secure.

Financial assistance is offered to individuals and families who cannot afford memberships through our *Membership For All* initiative. We raise funds through our Annual Campaign to ensure the Y is accessible to all people. This year, 1 in 5 people who walk through our doors will receive financial assistance for part of their membership and/or program cost.

We are able to provide financial assistance thanks to the hundreds of generous donors who make charitable donations to our annual campaign. Give today, and together, we will do so much more.

YOUTH TENNIS

The John and Fay Menard YMCA Tennis Center has Junior programming starting with Red Ball 4-5 year olds to the ACE program for high school varsity players. The Tennis Center Director Matt Boughton (USPTA Elite Professional), Jon Pickett (USPTA Elite Professional), or Meg Minton (USPTA Elite Professional) will be happy to assist you in placing your child in the most appropriate group. Please take note that although most groups are categorized by age, ability and maturity are considered in placing youth in the best group for them.

Please keep in mind that a student does not often advance a level each session. Many factors such as attendance, coordination, growth, development (physical, behavioral, and mental), and maturity level affect the student's progression through levels. Remaining at the same level should not be interpreted as not improving or not achieving success. As your child moves up levels in the tennis program, the next level is designed to take longer and to be more challenging. If you believe your child is not improving at the rate of others, please see their instructor for advice.
