Product Availability

- Clearance products are available while supplies last.
- Once the clearance items are depleted from stock in the Distribution Center, the National Clearance Price no longer applies.
- Contact the AQD for additional questions about how to locate qualifying product.

Exporting the Clearance Items List from Product Search

Product Search > Clearance tab > All Brands > Qty 1 > Expand Results > Search

The screenshot shows the 'PRODUCT SEARCH' interface with the 'CLEARANCE' tab selected. The 'Clearance Search' section includes a 'Brand' dropdown menu set to 'All', a 'Minimum Quantity' input field set to '1', and a checked 'Expand Results' toggle. A green 'Search' button is circled in red. A 'Clearance Details Export' button is visible in the top right corner of the search area.

Exporting the Clearance Items List from Product Search

Once the search is complete, choose the ellipses in the top right corner and export the items

The screenshot shows the 'PRODUCT SEARCH' interface with the 'CLEARANCE' tab selected. A table lists three items, each with a yellow clearance icon. A dropdown menu is open from the top right, showing options to export items.

Identifying Clearance Items:

Go to Agile Product Search > Catalog # Search, make sure “Clearance” is selected

The screenshot shows the Agile Product Search interface. The browser address bar displays <https://productbrowse.acuitybrandslighting.net/#/productSearchResults>. The page title is "PRODUCT SEARCH". The navigation tabs include "CATALOG # SEARCH", "BROWSE BY CATEGORY - BETA", "LIGHTQUICK MADE-TO-ORDER", and "CLEARANCE". The search bar contains the placeholder text "Start of Catalog Number, Complete CI Code or UPC" and a "Search" button. A "Filter" button is also present. The table headers are "Product Catalog Number", "Contractor Select", "Total Available", "Will Call Available", and "Days To Make". A filter menu is open on the right side, showing the following options: "LightQuick Stock" (checked), "Stock" (checked), "Clearance" (checked), "Master Line" (checked), and "Non Stock" (unchecked). A blue arrow points to the "Clearance" option in the filter menu. An "Apply" button is at the bottom of the filter menu.
