

IMPORTANT NOTICE:
Building Owners and Manager
Re Cleaning Services Award 2020 National Wage increase for 2021
And
Superannuation Guarantee change

Annual Wage increase from the 1 July 2021.

The Fair Work Commission announced a national annual wage increase of 2.5% for the minimum wage rates for Modern Awards. Once again, this year the Commission considered the impact of the Covid 19 pandemic, and the increases will occur over three time periods. The Cleaning Services Award increase is classified under the first phase of increases, and this will occur on **July 1 2021**. Other Awards will increase on 1 September 2021 or 1 November 2021, depending on which stage they have been classified into.

The increase applies to anyone who is paid the minimum award wage or national wage and this will come into effect in the first full pay period in July. If you have a weekly pay run which starts on Monday, the new rates will apply from Monday 5 July.

Superannuation Guarantee

In addition, from July 1 the superannuation guarantee has increased from **9.5% to 10%**. Please ensure that you update this in your payroll systems.
