Quick and Efficient Cashbox Cleaning

[Click Here To View Products](#)

Keep your cash cans clean at a low cost with Sonic Systems T Series.

Sonic Systems T Series Ultrasonic Wash Tanks provides significantly reduced time in cleaning your cashboxes with ultrasonic washing technology that ensures your equipment will perform at peak performance. The T Series eliminates handwashing, longer processing times, and inefficient cleaning of your cashboxes.

Standard Features:

- Piezoelectric ULTRABRAZE® Ultrasonic Transducers
- Frequency of 27kHz or 40kHz
- Full 300 Series Stainless Steel Construction
- Remote Solid State Ultrasonic Generators
- Stainless Steel Ball Valve For Drain
- Stainless Steel Lift off Tank Cover
