“RDS has really come through for us during this pandemic. I work for a large non-profit organization that has been conducting food pantry pop ups serving over 1,500 in a one day pop up. Needless to say there is a lot involved in making this happen.

Larry Zogbys been a total gem in helping us with moving of these bags and juice, picking up produce and when he couldn't accommodate some of our requests, he was able to quickly connect us with a company that could!

His team is fabulous and gets the job done quickly and efficiently!

Larry even takes the time out of his busy schedule to check in on us and how we are doing and what can he do to help!! RDS has been a blessing to us!!”

**Food
Education
Fund**

“The Food Education Fund hired RDS to make deliveries happen to families in our community and we could not be more satisfied with their work!”

Larry Zogby and the team at RDS stepped up within in minutes of our outreach and immediately began working with us to make our mission of feeding families happen.

This is the second time we worked with RDS and yet again, they were professional, prompt, and kind while executing their services.

They are HEROES of the delivery service world and our community is so lucky to be able to count on this team again and again.

You TRULY can look no further for help with your next delivery, small or large!”
