

OnePlus Nord N Series now available for purchase on [OnePlus.com](https://www.oneplus.com) and across partner channels

Big on entertainment with a price that fits all, OnePlus Nord N100 is available at €199,-, starting today. OnePlus Nord N10 5G will bring the power of 5G to more consumers from November 20 at the price of €349,-.

Amsterdam, November 10, 2020 – Today, OnePlus has announced the open sales of OnePlus Nord N100 and OnePlus Nord N10 5G – its newest smartphones in the OnePlus Nord product line that will extend the company’s premium smartphone experience to more people around the world.

The OnePlus Nord N Series builds on years of OnePlus innovations, bringing the same fast and smooth user experience that OnePlus is known for to the most affordable price segments yet for OnePlus smartphones.

Starting today, users will be able to get their hands on the OnePlus Nord N100 from [OnePlus.com](https://www.oneplus.com) and the official partner channels Belsimpel, Coolblue and Amazon. OnePlus Nord N10 5G will go live on sale from November 20.

The new OnePlus Nord N Series delivers immersive viewing experiences, long-lasting battery life, an advanced multi-camera set-up, and flagship-level software in OxygenOS. Both devices are available in the beautiful color, Midnight Frost.
