

AccessibleBC!

A Working Group

Help Boulder City achieve better than ADA compliance.

Join **AccessibleBC! A Working Group** for better accessibility for all.

Members will develop recommendations to improve accessibility and useability of City-owned buildings, parks, projects and infrastructure, such as sidewalks. The work group will consider industry best practices, Federal, State and Local regulations, and most importantly, personal experiences, for inclusive accessibility.

We need volunteers who personally - or through a family member, close relation or their employment - live with a condition that affects daily activities, such as (but not limited to):

Post-traumatic stress disorder

Intellectual impairment

Hearing impairment

Major depressive disorder

Visual impairment

Traumatic brain injury

Autism

Mobility disabilities (requiring use of a wheelchair, walker or cane)

Cerebral palsy

ACCESSIBILITY

To volunteer, submit a short email explaining why you want to join us to commdev@bcnv.org or fill out the form located

at www.bcnv.org/accessibleBC

Apply by April 30, 2023.
