- **Councilor for Africa (2021-2023)**

Nominations should be submitted via the [Election Nomination form](#) by **September 28, 2020**. For specifications of each position, see below.

Sincerely,
The ISEE Nominations Committee
Mark Nieuwenhuijsen (Chair)

Who Can Apply?

You can self-nominate or you can nominate another ISEE member provided she/he agrees.

Nomination Process

Complete the [Election Nomination form](#) by **September 28, 2020**. The information requested on the form includes: the name and contact information of the nominated individual, the position for which the individual is being nominated, name and contact information of the nominator if different from the nominee, and a maximum 100-word statement justifying the nomination.

The final list of nominated candidates (2 for each position) will be chosen by the nominations committee. The ballot will be circulated to all ISEE members and elections will take place before the end of 2020.

Description of Open Positions

President (2021-2024)

The President's term is 4 years (1st year President-Elect; 2nd and 3rd year President; 4th year, Past-President). For this election we are seeking nominations from members in North America. The President has the overall responsibility of running the Society. The Nominations Committee will promote candidacies among members who have been involved in activities of the society. Although not a prerequisite, usually Presidents are mid-term or senior researchers.

Councilors (2021-2023)

Two Open posts:

- Councilor for Asia
- Councilor for Africa

The Councilor term is three years. Activities include: responsibility within the Council for a specific work area e.g. communication, contact with chapters, journal pages, policy-related activities etc; participation in a monthly teleconference of the Council and participation at the Council meetings during the annual conference; and an active role in enabling activities of the society and communication with the membership. Candidates should be working in any of the two geographic areas indicated. There is no prerequisite concerning seniority.
