

Professional learning designed to enhance teacher practice, informed by intelligent insights

Ongoing, Personalized, and Actionable PD

iAspire offers instructional leaders the observation tools and data insights necessary to create a culture of ongoing professional growth, turning every observation into an opportunity for powerful, reflective feedback.

BetterLesson provides action-oriented professional learning by master teachers, tailored to the needs of individual teachers and instructional leaders. This partnership creates an opportunity for unprecedented teacher growth and student success.

How Implementation Works

- 1** BetterLesson partners with your district to design a PD plan tailored to your instructional goals
- 2** A dedicated Partner Success Manager plans a smooth rollout alongside key implementers on your team
- 3** Your teachers and leaders are supported to “learn by doing” through a blend of onsite and virtual professional learning experiences
- 4** Your team can monitor progress and instructional outcomes to ensure upcoming PD is responsive to specific needs

“This is a way to receive professional growth at your exact level/area of need. It allows you to set goals and grow at your pace in your way.”

- Michelle Standlee, Teacher,
Lindsay USD, CA

“I have an explicit next step and thorough support in taking it.”

- Joseph Nelson, Principal,
West End School District, CO
